Schlage Custom™ Door Hardware Now Available to Homeowners

The latest door hardware innovation from Schlage combines designer style and premium functionality at an affordable price

Carmel, Ind. (March 6, 2018) – [Schlage®](#), a brand of Allegion that has been creating stylish, innovative door hardware for more than 95 years, today announced that its Schlage Custom™ Door Hardware collection is now available for homeowners to purchase through [HomeDepot.com](#), [Amazon.com](#), and [Build.com](#). If a homeowner is building a home or doing a major renovation the new hardware line is also available through the wholesale, dealer and builder channels.

[Schlage Custom Door Hardware](#) features premium style alongside combined interior locks that offer both bed/bath and hall/closet functionality in one. This universal functionality allows homeowners to change from a doorknob to a lever, a traditional look to a modern look—even a non-locking door to lockable—in just minutes, without having to remove the inner core of the lock. Premium handlesets in ¾ trim and 2-piece styles will also be available in Summer of 2018, so homeowners can coordinate their hardware style inside and out.

“Door hardware is a key design detail that pulls a home together. We believe that Schlage Custom’s architecturally-inspired designs reflect the unique taste of today’s homeowner, adding a whole new dimension of personal style,” said Ted Roberts, Allegion’s Style and Design Chief. “By combining this enhanced level of style at an affordable price, we are opening possibilities for homeowners to think of door hardware the same way they think about lighting, faucets and other home accent pieces.”

Priced from \$34.99 to \$64.99, the Schlage Custom Door Hardware collection consists of more than 78 pre-configured products, ranging from Combined Interior to Non-turning hardware. Homeowners can choose from a variety of styles with 7 trim designs and 12 knob/lever designs. Six lustrous and long-lasting finishes are also available, ranging from classics like Satin Nickel and Aged Bronze to more modern, trending finishes like Matte Black and Satin Brass.

Now through March 19, enter the Schlage Upgrade to Custom Contest for a chance to win a room full of Schlage Custom Door Hardware. One lucky winner will receive new hardware for their entire home plus a \$1000 Home Depot gift card! To enter the contest and get more information about Schlage Custom Door Hardware, visit [Schlage.com/Custom](#).
