Every day, **made easier.**

The Bluetooth®-enabled Schlage Sense™ Smart Deadbolt gives you easy accessibility and unparalleled control over access to your home. There's no need to memorize complex programming steps - just use the free Schlage Sense app to add and delete access codes right out of the box.

The lock also works with your iPhone®, iPad® or iPod touch®, so you can talk to unlock your door using Siri® when in Bluetooth range. And, with an Apple TV® within range of the lock, you can control the lock from anywhere using the Schlage Sense app.

Easy to manage access

- Share and manage up to 30 access codes through the free Schlage Sense app, available in the Apple iTunes app store.
- Set access code schedules so the plumber or contractor can only enter at certain times
- See activity history of who is coming and going

Easy installation

- No wiring needed – all you need is a screwdriver
- Guaranteed to fit on existing, standard pre-drilled doors

Keyless convenience

- The Schlage Sense Smart Deadbolt works with Bluetooth Smart technology and your iPhone, iPad or iPod touch so you can use Siri to talk to unlock your door when in range.
- When the Schlage Sense lock is placed near an Apple TV, you can use the Schlage Sense app to control your lock from anywhere. For best results, the lock should be within 40 feet of an Apple TV for remote capability.
- Apple HomeKit™ technology provides advanced security with end-to-end encryption and authentication between the Schlage Sense Smart Deadbolt and your iPhone, iPad or iPod touch.

Apple TV, iPad, iPhone, iPod, iPod touch and Siri are trademarks of Apple Inc., registered in the U.S. and other countries. The Bluetooth word mark and logos are registered trademarks owned by Bluetooth SIG, Inc. and is licensed for use by Schlage. HomeKit is a trademark of Apple Inc. HomeKit requires an iPhone, iPad, or iPod touch with iOS 8.4 or later. Controlling HomeKit-enabled accessories away from home requires an Apple TV (3rd generation or later) with Apple TV software 7.0 or later.

Door handing

How to determine handing of a door

Handing of all doors is determined from the exterior of the room’s entrance.

- If the hinge is on the left side of the door, the door is “left hand” (LH)
- If the hinge is on the right side of the door, the door is “right hand” (RH)
- To order a handed product, please specify LH or RH
- To order a handleset, handing is still determined from the exterior of the door
- We will use that information to determine the handing for the inside of the door

Warranty information - Residential application

Lifetime Limited Mechanical & Finish Warranty and 3-Year Limited Electronics Warranty

Subject to the terms and conditions of this warranty, Schlage extends a lifetime limited mechanical and finish warranty and a three-year limited electronics warranty to the original consumer user (“Original User”) of our Schlage brand product (“Product”) against defects in material and workmanship, as long as the Original User occupies the residential premises upon which the Product was originally installed.

What the company will Do: Upon return of the defective Product to the Company or its authorized distributor for inspection, free and clear of all liens and encumbrances and accompanied by the statement of defects of proof of purchase, the Company will replace the Product.

Please refer to Price Book 1 for complete Warranty details. **888-805-9837**
